IRELAND MAY SOON HAVE A PARLIAMENT

People Making Rapid Progress Under More Liberal Treatment Accorded Them of Recent Years.

WASHINGTON, March 16.—Home rule for Ireland. How far off is it?

In the opinion of certain Government officials who have been watching the marvelous progress of the people of the Emerald Isle, not many years more can pass before the Irish patriots will be given a parliament of their own. England has established twenty-eight parliaments in the colonies of the empire, only Ireland and India having been denied self government.

Not only American, but practically every nation in the world is noting the struggle for freedom that is going on in the Emerald Isle. The Irish people are winning a bloodless battle. Seven years ago the Irish people did not own even the land they lived upon. Previous to that time they lived in a condition of wretched poverty, although when placed in a land where they were permitted to own their own soil the Irish people gained fortunes and became prominent through their industry.

Ireland is more prosperous today, according to the official reports of her trade received by our Government, than ever before. The poverty begun to disappear, and prosperity to enter the Isle immediately after the Irish people secured the right to own the land on which they lived.

The total foreign trade at Irish ports for 1907 was 122,138,470 pounds, or more than six hundred million dollars in American money. Never before in Irish history has such a total been reached. There was an advance of more than thirty-five millions over the previous year's total.

The increase in the exports of farm produce lead by a wide margin, which is a direct result of the enterprise stimulated by the Wyndham act of parliament, which made the Irish farmer a landowner instead of a tenant.

The Irish farmer now takes more interest in tilling and improving the land, because he feels the results will accrue to himself and children instead of nonresident owners. Ireland will be able to find a ready market for all the farm produce that can ever be marketed, as England is still buying more produce from Denmark than from Ireland.

"The American mind can hardly conceive that less than 30 years ago," said Michael J. Ryan, president of the United Irish League of America, "half of the land of Ireland was owned by absentee landlords and companies, and the other half was in the hands of 3,000 owners. The land of 5,000,000

of people was in the hands of about 3,700 persons. There are today 301,000 tenant farmers in the island and more than half of the land has passed into the possession of those who will till it.

"The penal laws have been repealed and the tithe system has been abolished. Every tenant that has been evicted in Ireland during the last thirty years has been restored to his old home, and the arrears of rent charged against him have been cancelled. The land courts have adjusted the rental of 360,136 farms and have reduced them more than \$7,500,000 a year. More than 126,000 families have been enabled to purchase farms with money advanced by the government, to be repaid in sixty-eight years at nominal interest. Several thousand families have been removed at government expense from unproductive farms to more fertile lands purchased for them by the government, to be paid for by the farmer within sixty-eight years.

"Thousands of cottages, stables, barns and other farm buildings have been built and repaired by the government for the farmers, and many millions of dollars have been advanced by them for the purchase of cattle, implements and other equipment."

Here is a complete list of the achievements of the parliamentary party, as outlined by Mr. Ryan:

Land act, 1881, reduced Irish rents by \$10,297,375.

Land purchase acts 1887-88 (Advanced for purchase of land by tenants), \$50,000,000.

Land purchase act, 1891, (Advanced for purchase of land by tenants), \$150,000,000.

Light railway act, 1882, \$8,000,000. Arrears of rent act, 1882 (wiped out completely), \$10,000,000.

Laborers' act, 1883 (for building laborers' cottages), \$10,000,000.

Annually (for same since 1883), \$600,000; total, \$13,200,000.

Migration act, 1882 (transferring tenants to richer lands), \$5,000,000.

Agricultural act, 1898 (improving agriculture), \$1,000,000.

Annually (for same purpose since 1898), \$820,000; total, \$7,470,000.

Land act, 1903, amount to be advanced, \$600,000,000.

Bonus under land act, 1903 (without repayment), \$60,000,000. Laborers' act, 1906, \$22,500,000.

1908—Universities fund, \$3,750,000; building fund, for universities, yearly, \$200,000; grant for education yearly, \$160,000; old age pensions act, gives Ireland, yearly, \$3,500,000; remission of sugar duty saves Ireland yearly, \$1,750,000; Ireland gain by legislation this year, \$9,360,000.

Bryan May Be Candidate For Senate From Nebraska

CHICAGO, March 16.—William J. Bryan in an interview yesterday left the impression that he would be a receptive if not an active candidate for the United States Senatorship from Nebraska in 1911 to succeed Elmer J. Burkett, Republican.

"I do not know yet whether I shall be a candidate," said Mr. Bryan. "If there seems a good chance to elect to the Senate some other Nebraska Democrat it will please me better than to be a candidate myself. I would not say that I would under no circumstances accept the nomination, because no one is wise enough to decide

on conditions in advance. I think the Democratic party is in better condition than any time since 1892 and has an excellent chance to control the next Congress."

Judge Mason's Court.

The greater part of Tuesday was taken up by Judge Mason in hearing the evidence in the case of Sanchez vs. Hampton. The case was for unlawful entry of land and was tried by jury, who found a verdict in favor of the defendant. Col. R. E. Davis for plaintiff, and Col. W. W. Hampton for defendant.

MEDICAL ASSOCIATION ADOPTS RESOLUTIONS

RECOMMEND ATTENDANCE OF
PEOPLE AT HEALTH INSTITUTE.

Dr. Routzahn Will Arrive in City Tomorrow and Will Deliver Four Lectures While Here.

The people of Gainesville should not fail to take advantage of the opportunity which will be accorded them tomorrow to become acquainted with the methods that are prescribed for the prevention and stamping out of the most dreadful disease with which this country is afflicted—tuberculosis, or consumption.

Through the efforts of the Twentieth Century Club a one-day session will be held here, and when it is considered that the exhibition is absolutely free, and that there is positively no fee attached to any part of the work, all should take advantage of it.

Dr. Routzahn, the State agent of the National Association for the Study and Prevention of Tuberculosis, will arrive in the city tomorrow with his exhibit, bringing all the appliances furnished by the association for demonstrating and illustrating the lectures.

Four lectures will be delivered here by Dr. Routzahn. The first will be delivered at the public school from 2 to 3 o'clock in the afternoon for the benefit of the pupils of the school, and from 3 to 4 p. m. he will be at Union Academy, the colored school. From 4 to 5 o'clock the exhibit will be held at the Tabernacle, in which the concluding demonstrations will be made beginning at 7:30 in the evening.

It is earnestly desired that all attend the exhibit, as the benefits to be derived are great.

At a special meeting of the Alachua County Medical Society yesterday afternoon the following resolutions were unanimously adopted:

"Whereas, The National Association for the Study and Prevention of Tuberculosis is conducting an educational campaign in the State of Florida, under the able direction of Dr. Routzahn, and

"Whereas, The Alachua County Medical Society has learned with pleasure that Dr. Routzahn will conduct a one-day exhibit in Gainesville, Thursday, March 18, under the auspices of the Twentieth Century Club, and

"Whereas, The Alachua County Medical Society recognizes the value of these public exhibits, therefore be it

"Resolved, That we heartily endorse the work which Dr. Routzahn is doing, and urge the public and the physicians to co-operate in the movement to the fullest extent.

"We especially recommend that the public attend the public sessions to be held at the Tabernacle from 4 to 5 and from 7:30 to 10 p. m. Thursday, March 18th.

"Adopted by the Alachua County Medical Society, at a special meeting held Tuesday, March 16th.

"M. H. DEPASS, President.
"C. L. CARTER, Secretary."

REALTY TRANSFERS.

Gainesville Property Was Never So Active As It Is Now.

Few people realize the great activity now manifested in real estate in Gainesville and only one that keeps close up with the changes can form any idea of the many transfers being made at the present time.

Following is the list of changes since Monday: P. H. Baker to Crawford & Davis; G. W. Hyde to Cora E. Tison; C. A. Williams to J. L. Martin; C. F. Goodman to Isaac Nubin; J. H. Hodges to Mrs. E. J. Matthews; A. O. Steenburg to W. R. Hudson; B. R. Colson to Henry Davis; J. M. Guilan to C. A. Williams; Clara Brown to C. A. Williams; B. W. Dees to W. L. Ellis; O. G. Russell to J. L. Matthews; Lavigne Noy to Lena Hendricks.

DEMOCRATS AND INSURGENTS WIN THE FIGHT

Polled 211 Votes to 172 for Amendment of Rules.
Cannon Is Re-elected Speaker.

WASHINGTON, D. C., March 16.—After one of the stormiest sessions in its history the House of Representatives yesterday, regardless of party alignment, adopted, by a vote of 211 to 172, a resolution of Mr. Fitzgerald, Democrat, of New York, whereby the rules were amended in several important particulars.

The resolution was a substitute for one offered by Mr. Clark of Missouri. Its adoption was accomplished only after the "insurgents," with the aid of the Democrats, with one or two exceptions, had won a decided preliminary victory by voting down a resolution by Mr. Dalzell of Pennsylvania making the unamended rules of the Sixtieth Congress applicable to those of the present Congress. The call of the roll on the Clark resolution was followed with intense interest.

Clark Starts Colloquy.

Such was the fever heat of members that Mr. Clark of Missouri got into a spirited colloquy with Mr. Dalzell, who had mounted the rostrum to read the resolution of the minority leader. Mr. Clark wanted him ordered away from the desk, to which proceeding Mr. Dalzell objected, saying he had a right to know what the measure contained. This led to a controversy with the Speaker, which lasted long enough for Mr. Dalzell to get the information he desired, and he stepped from the platform and returned to his seat.

As analyzed by parliamentarians, the amendment makes three important changes:

First, it establishes a "calendar for unanimous consents," the effect of which is to enable a member to have a proposition brought before the House without having to go to the Speaker for recognition. This change, they say, will be a relief to the Speaker.

Second, when consideration of a bill is concluded and the previous question is ordered, the rules heretofore have provided for a motion to commit with or without instructions. It has been the practice to recognize the member of the majority party to make this motion and thus prevent the minority from offering such instructions as it may desire. The new rule gives the minority the preference in making such a motion and thus enables them to get a record vote on propositions which would otherwise be settled in Committee of the Whole House, where no record vote is possible.

Cannon Made Speaker.

Third, it protects the calendar-Wed-

nesday by requiring a two-thirds instead of a majority vote, to set it aside.

Fourth, it is also claimed that the amendment will have the effect of preventing favoritism by the action of the Committee on Rules in special cases.

Speaker Cannon is inclined to regard the amendment as a slight improvement on the part of the rules, but instead of throwing the responsibility for recognition on him it sets aside certain days for the consideration of measures under unanimous consent; but he says under the new rules members will have to wait for their days.

The election of House officers preceded the action on the rules. With plenty of votes to spare, Joseph Cannon of Illinois was re-elected, receiving 204 votes, as against 164 for Champ Clark of Missouri, 8 for C. W. Johnson of Wisconsin, 2 for Norris of Nebraska and 1 each for Esch of Wisconsin and W. P. Hepburn of Iowa, an ex-member. All the Democratic members voted for Clark, so that the scattering of the Republican vote was sufficient to elect Cannon.

The drawing for seats was postponed until today, and the House adjourned.

The Senate Assembles.

WASHINGTON, D. C., March 16.—When the Senate assembled in its ordinary session yesterday six Senators answered to their names.

When Vice-President Sherman opened the Senate to order the galleries were filled with visitors, the Republicans side having a full representation, while but fifteen Democrats were in their seats.

Senator LaFollette presented credentials of his colleague, Stephen P. Thompson of Wisconsin, and accompanying him to the desk of the President, Mr. Thompson took the usual oath of office.

Senators Aldrich and Moore appointed a committee to wait on the President to inform him of the meeting of the Senate and to inform him that that body was ready to receive any message he might wish to communicate. The Senate, after receiving word of the election of Speaker Cannon, adjourned for the day.

Five Democratic Senators, all from the South, were absent from the session at Congress on account of illness.

Keep your eye on the news. There may be something about which is of interest to you.

Anti-Saloon Attorney's Home Was Dynamited

MARTINSVILLE, Ind., March 16.—The home of Charles G. Renner, attorney for the local Anti-Saloon League, was wrecked by dynamite about midnight Monday night. The charge was placed under the stone steps on the north side of the house. The steps were shattered and the porch was

broken into splinters. All the windows on the north side of the house were broken. Mr. and Mrs. Renner were asleep at the time of the explosion, were not injured.

At an indignation meeting a resolution was passed asking the commissioners to offer a reward for the capture of the dynamiter.

RECKLESS RIDERS TAKE SIDEWALKS

TWO PARTIES REPORTED INJURED FOR THIS WEEK.

Bicyclists Should Be Excluded from Sidewalks, for it Makes No Provision of Them.

Within the past few days several parties have been run into by careless bicycle riders along Alachua avenue, and the authorities should make some effort to stop the practice and compel the riders to stay in the street.

Last week there were a number of cases reported to the reporter where parties had been run into, but the present week starts off with a new record, as two parties are known to have been badly injured.

One white gentleman was run over on Monday evening and his hand and arm were badly bruised and skinned, later he discovering the fact that his knee had also been injured when the accident occurred. This gentleman is a little deaf and his eye-sight is none too good, hence he was unable to tell just who the negro rider was.

Another case is that of an old colored man who was knocked down and so badly injured that a carriage had to be summoned to take him home. He, too, did not know the boy that ran into him, and it was his groans that attracted the attention of one of the citizens living nearby, who rendered him assistance and secured the hack.

This is the second time that The Sun has called attention to this matter. We believe that there is an ordinance prohibiting the riding of wheels on the sidewalks where the streets are good, and a few hours' "watch" would doubtless catch the guilty ones and they could then be dealt with by the mayor. A fine in this case would hardly be sufficient.

Of course there are many people who use the sidewalks in a manner that would not be objectionable, but there are so many others that are heedless and have that don't-care way about them, that all should be excluded.

Electric Theatre.

Tonight will be the last chance to see and hear John Ennor in his wonderful travelogues at the Electric Theatre.

During his sojourn here Mr. Ennor has thoroughly captivated his hearers and it is with regret that he leaves not to be heard again until possibly next winter.

His entertainment tonight at the Electric Theatre will be one of his masterly efforts and all who attend can rest assured they will be highly pleased.

The moving pictures will also be shown as usual.

Wills Comedy Company.

"A Trip to Atlantic City" will be the offering at the Baird Theatre tomorrow night by the Wills Musical Comedy Company. The Wills troupe—mostly girls—will be here three nights, presenting from their repertoire plays that are guaranteed to please.

The Atlanta Constitution said of their visit in the Georgia capital: "Wills Musical Comedy Company has more than made good every promise made in advance of its appearance here. Three delighted audiences have greeted the performers. The people were prepared for the event and really anticipated just an average show. They have been most agreeably surprised, for there has been no offering at the popular play house this season that has received a better endorsement from the theatre-goers. On Monday night standing room was sold to the late comers, the matinee on Tuesday was the largest since the early part of the season, when old favorites appeared, and the house on Tuesday night was filled to its practical capacity.

"The organization is indeed equal to the famous Bijou Musical Company. It is a big show in number and there are no drones. Every member counts, and the specialties are the features of the bill. The chorus of ten girls is an attractive feature, and the young women are already in the Musical Maiden class.

"The company is simply the cleverest musical show offering Atlanta has had. It is thoroughly pleasing the audiences, and its stay in Atlanta will be a refreshing treat to the 'stay at homes' who need something to quiet the blues and dull cares."

Prof. H. A. Howell, of Havana, Cuba, Recommends Chamberlain's Cough Remedy.

"As long ago as I can remember my mother was a faithful user and friend of Chamberlain's Cough Remedy, but never in my life have I realized its true value until now," writes Prof. H. A. Howell, of Howell's American School, Havana, Cuba. "On the night of February 3rd our baby was taken sick with a very severe cold; the next day was worse and the following night his condition was desperate. He could not lie down and it was necessary to have him in the arms every moment. Even then his breathing was difficult. I did not think he would live until morning. At last I thought of my mother's remedy, Chamberlain's Cough Remedy, which we gave, and it afforded prompt relief, and now three days later, he has fully recovered. Under the circumstances I would not hesitate a moment in saying that Chamberlain's Cough Remedy, and that only, saved the life of our dear little boy." For sale by all druggists.

"RED TAPE" OVER; WORK TO COMMENCE

BOND OF CONTRACTORS HAS
BEEN APPROVED.

This Matter Has Held Up the Com-
mencement of Operations on
Our Public Building.

All preliminaries and the "red tape" part being over with the citizens can now look forward to work commencing on the new Government building which has been under contemplation for many months.

The last of the preliminaries in the matter were adjusted on Tuesday when the bond of the King Lumber Company was approved and they will at once commence the work.

During the time, however, that these preliminaries were taking their regular course, the contractors have been busy making the necessary arrangements, with the result that they have a great deal of material in transit and more being prepared for shipment.

The awarding of the contract occurred last month and they were expected to commence work not later than the 15th, but there are always certain formalities connected with all undertakings of this nature and they have to take their turn for adjustment and final settlement.

Hon. Frank Clark, member of Congress from this district, wired Senator McCreary on Tuesday morning as follows:

"The contract and bond for the King Lumber Company for the construction of the Federal building at Gainesville has been approved."

Private information from other sources as to the company having material en route was received, which gives us the double assurance that work will now be commenced without further delay.

FUNERAL SERVICE OF W. T. GILL.

Large Number of Friends Assemble to
Pay Last Tribute.

The funeral services of the late W. T. Gill occurred from the First Baptist church Tuesday morning, where a large number of friends of the popular young man assembled to pay their last respects to one who had just blossomed out into manhood and planned for a bright and happy future when death came.

Being a member of the Eagles and Odd Fellows, both orders attended the services at the church in a body, Rev. B. B. Rogers preaching the services. He touched upon the career of the young man and paid special tribute to the young wife, and mother, who was unable to be present owing to sickness, which brought tears to the eyes of many of the spectators.

Music was furnished by the choir of the church and special mention is due of the duet by Mrs. Jackson and Miss Bennett.

Following the services the remains were taken in charge by the F. O. E. and conveyed to Evergreen cemetery, being tenderly laid away under the ritual ceremony of this order—the youngest of any of the secret societies of Gainesville.

The floral decorations were as large and profuse as any seen in Gainesville, many friends of the family contributing, while the Eagles had a special design of the emblem of the order that almost covered the casket. It was a large Eagle made of blue violets upon an evergreen background, touched off with lilies of the valley and white roses, with the letters "F. O. E." made from tube roses across the breast of the Eagle.

TACOMA ITEMS.

TACOMA, March 16.—At Micanopy on Wednesday evening, March 16, at 8 o'clock the handsome diamond ring which had been at Burnett's drug store for the last sixty days was removed to the opera house by Sergeant Sanford Chamberlin of the Gainesville Guards to determine its winner.

The exciting contest did not really begin until about 9 o'clock, when Flewellen and vicinity came upon the scene with determination to present it to the beautiful Miss Martha English. Although the efforts of the Micanopians were determined and persistent that one of their three contestants should win, at 10:30 the managers of the ballot box declared that Miss Martha English had won by nearly two thousand majority. After the presentation by Lieutenant Gray T. Jarrell, Mrs. J. W. Chamberlin and Miss Nellie Reeves furnished music for quite an enjoyable dance.

On Friday evening, March 12, at the beautiful lake-front home of Mr. and Mrs. J. W. Chamberlin at Lettledale farm, Mrs. J. W. Chamberlin was tendered a surprise birthday party by Micanopy and Tacoma. The beautiful parlor and sitting-room were thrown open for the reception of the guests. Music was furnished by Misses Reeves and Bobbitt, during which the guests enjoyed an informal dance. At 10:30 dainty refreshments were served, after which "Home, Sweet Home," was played. Wishing Mrs. Chamberlin many returns of the day, the guests departed, declaring her a most charming hostess. Those present were: Mrs. R. M. Chamberlin and son, Mr. and Mrs. G. T. Jarrell, Misses Reeves, Lorna McCredie, Mabel McCredie, Lavonne Bobbitt, Lola Maud Smith, Martha English and Miss St. Clair; Messrs. McCredie, Rivers, Fontane, Alexander, Carlton, Slater, Jones and Sanford Chamberlin.

WALDO NOTES.

WALDO, March 16.—J. P. Entenza, Mrs. A. Jolly and Mrs. T. M. Cauthen returned Saturday from Miami, where they represented the K. of P. Lodge in the Grand Lodge meeting.

G. W. Scarborough, aided by Geo. DeSha and Irving McRae, shipped a carload of sweet potatoes to Atlanta.

The canal steamer had much difficulty in making her trip from Melrose on account of the hyacinths, which the high winds banked in almost impenetrable masses.

Mr. Millican's mill, being built at his still, will soon be sawing the pine; the foundations laid, the framework is made and the work is now getting on fine.

A party was given Lonnie DeSha at his father's home by his friends who surprised him with music, games and refreshments, making it a delightful occasion last Friday night.

The ladies of the Baptist church served refreshments on the lawn at the church Saturday, in aid of their finances.

Lawrence Hendricks, a well-to-do colored citizen, by kindly allowing turpentine hands to sleep in his barn, lost 1,000 pounds of hay and fodder and other feed by their carelessness in letting the barn get burned.

Mrs. Della Jones of Jacksonville, formerly Mrs. Robinson here, visited her aunt, Mrs. Kitler, last week. Mr. Jones is a successful merchant there.

Mr. and Mrs. Pet Hall have taken rooms at Mrs. Judge Kennard's.

Orlando B. Weeks was ordained deacon in the Baptist church at their last preaching service by the pastor, Rev. B. F. Green. This position was held by his father, Joel T. Weeks, for years up to the time of his recent death.

Mr. and Mrs. Pearce have returned to Michigan, after a long visit to the latter's parents, Mr. and Mrs. E. Renault. While here they repaired and painted their two-story residence, which is now occupied by Engineer Porter and wife.

Nathan P. Cauthen will be confined a month yet from the injury received by the breaking of a chain in skidding cypress. He is in St. Luke's Hospital in Jacksonville.

A Religious Author's Statement.

Rev. Joseph H. Fesperman, Salisbury, N. C., who is the author of several books, writes: "For several years I was afflicted with kidney trouble and last winter I was suddenly stricken with a severe pain in my kidneys and was confined to bed eight days unable to get up without assistance. My urine contained a thick white sediment and I passed same frequently day and night. I commenced taking Foley's Kidney Remedy, and the pain gradually abated and finally ceased and my urine became normal. I cheerfully recommend Foley's Kidney Remedy. J. W. McCollum & Co.

Why the Earth Cannot Explode.

The theory is frequently advanced that planets and even suns sometimes explode and that the earth may some day blow up like a bombshell. No celestial body the size of the earth could possibly explode. If the entire molten interior of our globe could be replaced with nitroglycerin and detonated the explosion would not lift the earth's crust. In other words, if we assume that the crust of the earth is from fifty to a hundred miles in thickness it would require something much more powerful than even nitroglycerin to burst the shell. It is necessary only to do a little figuring to see that the pressure of the earth's crust at a depth of from fifty to a hundred miles far exceeds the pressure exerted by the most powerful high explosive—Hudson Maxim.

For Diseases of the Skin.

Nearly all diseases of the skin such as eczema, tetter, salt rheum and barbers' itch, are characterized by an intense itching and smarting, which often makes life a burden and disturbs sleep and rest. Quick relief may be had by applying Chamberlain's Salve. It allays the itching and smarting almost instantly. Many cases have been cured by its use. For sale by all druggists.

One who lives in a furnished room can be pretty "independent"—for the ds. keep the best to be had within his reach.

Do You Realize?

That despondency in women is a mental condition often traceable to some distinctly female ill!

Women who are well do not have the blues, neither are they irritable and restless. Derangement of the female organism breeds all kinds of miserable feelings such as backache, headache, and bearing-down feelings. Try Lydia E. Pinkham's Vegetable Compound. There is no doubt that it has made many remarkable cures of female ills after all other means had failed. There is hardly a day that some woman does not write us that this simple old medicine, made only of roots and herbs, has cured her of a severe illness after several doctors had done their best and failed.

Here are two such letters—read them—they are genuine and reliable.

Baltimore, Md.—"For four years my life was a misery to me. I had suffered with female troubles so long that I was discouraged. I had given up all hope of ever being well when I began to take Lydia E. Pinkham's Vegetable Compound. It restored my health and I felt as though new life had been given me, and I am recommending it to all my friends."—Mrs. W. S. Ford, 1938 Lansdowne St., Baltimore, Md.

Rockland, Me.—"I was troubled for a long time with pains in my back and side and was miserable in every way. I had doctored until I was discouraged and thought I would never get well. I read a testimonial about Lydia E. Pinkham's Vegetable Compound and thought I would try it.

"After taking three bottles I never was so well in my life. I am recommending Lydia E. Pinkham's Vegetable Compound to all my friends."—Mrs. Will Young, 6 Columbia Avenue, Rockland, Me.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

To hear the Rockefellers at Sunday school begging for money and passing the plate for contributions sounds paradoxical, but perhaps even Standard oil will not lubricate the gudgeons of the salvation car and make it a mere joy wagon.

The great majority of American women are intelligent, well balanced, and possessed of a due sense of the proprieties, but occasionally we hear or read of one so given to maudlin sentimentalism as to say and do the most foolish things. This is certainly true of those women who in a certain city sent flowers and fruits to a coarse, brutal negro who had confessed to the atrocious murder of a respected young white lady and who is reasonably suspected of having committed other similar crimes. When the jailor rightly refused to deliver the offerings as requested and advised the women to donate them to a hospital they were sadly aggrieved and disappointed. To the credit of American womanhood be it said that such instances as the above are, happily, exceedingly rare.

EXPOSITION AT SEATTLE.

Somebody has remarked that all expositions since the great Paris and Chicago shows have merely done over again what had been done before. The Alaska-Yukon-Pacific Exposition at Seattle is going to be different. It is not going to be an exhibit of the known, but of the unknown.

Those who planned this year's show assumed nothing less than the task of introducing that half of the world which is developed almost to the ultimate, to that other half which, by comparison, is developed not at all and which, for centuries to come, must be the field of the world's greatest work. Seattle's Exposition will bring together the Occident and the Orient and fetch Alaska from the North to know them both. It will assemble the islands and peoples of the South seas, so that Tagal may look at Siwash and the world know each as he is. Also the Easterner may look upon peoples and scenes of his own country that he knows not.

This is the fundamental difference between the Alaska-Yukon-Pacific show and its predecessors. But there are others—the exposition will be ready to open on time. It was ninety-five per cent completed three months before the opening date—June 1st—and it did not ask the United States Government for money. Equally surprising is the fact that the hotel keepers of the Exposition city have made an iron-clad agreement not to raise their rates.

The railroads expect to carry 2,000,000 people to Seattle this summer. They will see the most novel, and what Charles Dana Gibson has pronounced to be, the most beautiful exposition ever planned.

CURRENT COMMENT.

The Philadelphia Inquirer says: "Equal suffrage" was downed by the Iowa Legislature, and the women of that State will continue to run things without any interference by the men."

The Birmingham News says: "Of course it is a great thing to be President, but there is no doubt that the man who is on the job often wishes that somebody else could relieve him of the many perplexities and embarrassments arising from decisions in the cases of many thousands of professional patriots who desire a little pie-counter reward for having served the party."

The Norfolk Virginian-Pilot says: "The demand for reform in the method of compensating public officials is progressing, though the headway is slow. New York is to place the sheriff of Onondaga county on a salary and convert the fees of the office into the public treasury. North Carolina has recently abolished the fee system, practically, in its entirety. We are living in hope that this reform will eventually reach Virginia. It will be a good day for the Commonwealth when it does."

The Hartford Times says: "Is there any reason except the financial needs of the Washington hotel keepers why the inauguration of a President of the United States should be made an occasion for military display and civic pageantry, like the enthronement of a king? The people of France and of Switzerland do not call out an army corps to parade in front of their new Presidents after inducting them into office. Obviously these Washington celebrations have outgrown themselves. Yet they are bound to assume greater proportions with the incoming of each new President, unless Congress shall proceed to regulate the whole business by law and cut out the spectacular features. The very necessities of the case will probably compel this to be done before many more Presidents shall have been inaugurated."

While the average American is a good deal of a party man there is with him a spirit of fairness that makes him tolerant of and to have respect for the opinions of others. To be sure this spirit may sometimes be temporarily hidden during the heat of some political campaign, but nevertheless it exists and once the contest is over it displays itself. This is happily seen, as a rule, at the inauguration of a new President. Political friends and foes unite in giving due honor and in wishing a successful term. This by no means indicates sacrifice of party principle, which may be as keen as ever. Rather does it show that first of all a man is an American and that as a loyal and intelligent American he recognizes that as a rule the men elected to office, whatever their political faith, are patriots sincerely desirous of advancing the best interests of the country. It is this spirit which so largely helps the nation to move on unruffled and in conscious strength whatever changes in administration may occur.

The decision of the United States district court at Kansas City relative to the two-cent passenger fare in Missouri will probably reopen the whole question of passenger and freight rates in a number of States that have reduced them within the last few years. The decision comes as a shock and disappointment to the public, generally, which had supposed the question settled, and all the more as only a few weeks ago the returns of the larger roads in Missouri showed largely increased earnings under the two-cent rate. Whatever the immediate result of Judge McPherson's decision it is clear that the end is not yet, and that the legislatures may be trusted to guard the interests of the public without unjustly dealing with railroads or any other corporations.

Act Quickly

and you will save yourself a lot of suffering and trouble. If you have a sudden chill—or take cold—if you have colic, cramp or diarrhoea, don't wait a minute. Take at once a teaspoonful of Perry Davis' Painkiller in a half glass of hot water or milk. You'll be safe and on the right road to quick recovery. Then you'll escape serious illness. But you ought to have this tried and proven remedy on hand for immediate use. Being prepared is half the battle when there's pain to subdue. New size bottles 35c., also in 50-cent sizes.

GAINESVILLE, —THE— University City.

Gainesville is conceded to be the most enterprising as well as the most beautiful city in the interior of Florida. It is located in the very center of the State, half way between the Atlantic and Gulf Coasts, surrounded by lands of such fertility as to be capable of producing a great variety of crops; in the heart of the truck-growing, phosphate and naval stores belt. She has the best educational advantages in the State, good churches, with edifices which are superior to any town of its size in Florida, with large and consistent congregations; has a climate which cannot be excelled for health and pleasure. All these natural advantages, combined with a progressive and enterprising cosmopolitan citizenship, are sure to make a big city.

There are many natural attractions in close proximity to the city, some of which are Alachua Sink, Faine's Prairie, the Devil's Mill Hopper, Warren's Cave, and Lake Newnan, all of which are reached by private conveyance.

Spring Park Stock Farm, the largest and finest live stock farm in the State, is only eight miles west of the city and is reached by a good hard road, affording a most pleasant drive.

The farmers of Alachua county, of which Gainesville is the county seat, "live at home and board at the same place." The temperature is very uniform, scarcely ever reaching the nineties in summer or the twenties in winter. The population of Gainesville is about eight thousand, representing nearly every nationality on the face of the earth, and strangers always meet with a hearty welcome.

The University of Florida for young men and the National Agricultural Experiment Station are located within the corporate limits of the city. In fact, Gainesville has so many things that we must be pardoned if we omit a few of them in the following enumeration of what

Gainesville Has:

One artist.
No saloons.
One garage.
Four hotels.
Four banks.
Four dairies.
One foundry.

The finest opera house in the State outside of Jacksonville

A Government building soon to be erected to cost when completed \$150,000.

Carpenters, masons, plasterers, painters, printers, machinists and laboring men galore.

More miles of paved streets and granolithic sidewalks than any other town in the interior of the State.

An \$85,000 court house built of brick and stone—a beautiful structure—and the lawns, flower beds, shrubbery, Confederate monument, etc., surrounding it, make it a most attractive picture.

MR. WAITS HAS PLAN.

Farmers Cutting Cotton Acreage in Half to Raise Price of Staple.

Editor Sun: I will say Dear Sirs, I want to talk to the West and the East Ender about the proposed new legislation in regard to cotton.

Yes, we ought to receive 40 cents for our cotton, and we want to know how to make it bring 40 cents. We can't use a force law; we want to raise the price of cotton and at the same time leave the whole people a free county is what our fathers left us, and why should we make any changes and live under the penalty of the law?

I would suggest that the people, by mutual consent, come together and at the cotton association decide the question in this way: that we will plant just half the acreage this year that was planted last year, and say we will keep this up for eight years. An empty market makes a good demand.

We old farmers need not think that the spinners ever allow themselves to get short of cotton. They invest two years ahead, when cotton is cheap, so it is now—it is just as low as they would have it.

A force law would bring on a panic. Bankers would shut their money up if we failed to have a lively exchange in the country. Just look back to old Confederate war times: Five years we did not plant any cotton; we lived, out of what we could raise—we did not have a market for anything we could raise. Now we have a market for everything that can be produced, our chances are a great deal better, and I say, for one, lessen the acreage to one-half while the market is good for other produce.

After five years of war, cotton sold for \$1.35 per pound. Surely after eight years, with a half-crop during that time, it should bring 40 cents.

We want this subject talked in every district in the State of Florida and in every State that raises cotton. Let us hear from all who accept this plan.

The "East Ender" said the new law would be good for mothers and little children. I think I love little children the best, and believe our plan will be of more benefit to them.

Times are getting better and confidence is being restored. Let us refrain from doing anything that will hinder the return of prosperity.

W. J. WAITS.
Fairbanks, Fla., March 16, 1909.

Race Suicide

Is not nearly the menace to increase in population that deaths among infants are. Eight out of ten of these deaths are directly or indirectly caused by bowel troubles. McGee's Baby Balm cures diarrhoea, dysentery, stomach and all infant ailments of this nature. Just the thing for colic, teething, etc. Price 25c and 50c per box. Sold by W. M. Johnson.

His Plausible Excuse.

Magistrate—This affair looks to me more like a common dog fight than a case of assault and battery. You claim that this man assaulted you and that you did not even try to defend yourself, yet he bears the marks of your teeth in three places. How do you account for that?

Plaintiff—Well, it was just like this. He hurt me so when he was a-pounder of me that I had ter have sumthin' ter bite on, or I couldn't 'a' stood it.—Los Angeles Times.

Wormology.

Should be studied by every parent. If your child is nervous, fretful, starts in its sleep, is pasty faced, has rings under its eyes, always seems hungry, is not gaining weight, you can be sure the trouble is worms. White's Cream Vermifuge is an absolute cure for worms. Is its own purgative. Sold by W. M. Johnson.

East Indian Proverbs.

An old English proverb, "cut your coat according to your cloth." The following is a similar proverb in India: "Look at your bed before stretching your legs on it." "Don't ask for space in a free boarding house." Is another Indian proverb which is something like the English proverb, "Beggers must not be choosers."

LEFT ON HER DOORSTEP

FOR THIS MOTHER

Mrs. A. G. Tuson, of Livermore, Cal., writes: "I picked up from my doorstep one day a little book in which I soon became very much interested. My little girl of five years of age had been troubled for a long time with loss of appetite, extreme nervousness and undue fatigue. She was all run-down and in a very delicate condition."

"This little book was very comprehensively written, and told of the new method of extracting the medicinal elements of the cod's liver from the oil, eliminating the obnoxious oil which is so hard for children to take."

"Just the thing," said I, "for my little daughter," and I immediately went for a bottle of Vinol. It helped her wonderfully. She has gained rapidly in flesh and strength, and she does not take cold half so easily."

"I am extremely grateful for the good it has done her, and I hope other mothers who have weak, delicate or ailing children will be benefited by my experience and just give Vinol a trial."

VINOL is sold in Gainesville by W. M. Johnson, Druggist.

One of the Lucky Ones.

A lady of title, an ardent motorist, is very unfortunate in the matter of spills. The other day, by no means for the first time, an engineer came to do various repairs to the motor.

The little girl of the house watched and then remarked:

"I think mamma's very unlucky with her motor, don't you?"

"Unlucky, did ye say?" replied the mechanic. "Why, no; not particularly unlucky. Her ladyship's alive, ain't she?"

"Yes, of course she is," said the girl. "Well," was the rejoinder, with an expressive shake of the head, "lots of our customers ain't."

Unequaled as a Cure for Croup.

"Besides being an excellent remedy for colds and throat troubles, Chamberlain's Cough Remedy is unequaled as a cure for croup," says Harry Wilson, of Waynetown, Ind. When given as soon as the croupy cough appears, this remedy will prevent the attack. It is used successfully in many thousands of homes. For sale by all druggists.

A Person of Note.

Colonel White-Nutson is quite a singer, isn't he, Ruschlerk? Brother Ruschlerk—Yassah! Yassah! "Dressed to ye' for axin'! Dat boy, sub, am suttlingly de most unadorous eniled pusson in dis whole town.—Puck.

A Pleasant Physic.

When you want a pleasant physic give Chamberlain's Stomach and Liver Tablets a trial. They are mild and gentle in their action and always produce a pleasant cathartic effect. Call at any drug store for a sample.

HIGH-GRADE VEGETABLE SEEDS

It pays the farmer to plant only the best. It's a question not of "how cheap," but of "how good."

Our Seeds Have the Reputation of Being Pure and Reliable.

We are now booking orders for Peas and other seasonable seeds. We will be glad to send you prices on request.

His Belief.

A drunken carter came into a carriage of the Greenock train and sat opposite a clergyman who was reading his paper. Recognizing the profession of his vis-a-vis, the carter in a little while leaned forward and in a maudlin way remarked, "I don't believe there's any heaven."

The clergyman paid no heed. "Do ye hear me?" persisted the carter, "I don't believe there's any heaven."

Still the clergyman remained silent behind his newspaper.

The carter, shouting his confession this time loudly, said, "I tell ye to your face, and you're a minister, that I don't believe there's any heaven."

"Very well," said the clergyman. "If you do not believe there is a heaven go elsewhere, but please go quietly."—London Graphic.

Good Liniment.

You will hunt a good while before you find a preparation that is equal to Chamberlain's Liniment as a cure for muscular and rheumatic pains, for the cure of sprains and soreness of the muscles. It is equally valuable for lame back and all deep-seated muscular pains. 25 and 50-cent sizes for sale by all druggists.

Not Ducklike.

Mrs. Yeast—And did you at one time call your husband a duck? Mrs. Crimmonbank—Oh, yes. That was before I found out that he'd never take to water!—Yonkers Statesman.

His Cleverness.

Neil—Young Mr. Bigwad is no fool. Belle—No. He's clever enough to have a rich father.—Philadelphia Record.

How can any person risk taking some unknown cough remedy when Foley's Honey and Tar costs them no more? It is a safe remedy, contains no harmful drugs, and cures the most obstinate coughs and colds. BILL FOR DIVORCE.

In the Circuit Court, Eighth Judicial Circuit Alachua County, Florida.—In Chancery—Lizzie M. Evans vs. Peter J. Evans—Bill for Divorce, Order of Publication.

It appearing by affidavit appended to the bill filed in the above stated cause that the residence of Peter J. Evans, the defendant, is unknown, and that there is no person in the State the service of a subpoena upon whom would bind said defendant, and that he is over the age of twenty-one years; it is therefore ordered that said non-resident defendant be and he is hereby required to appear to the Bill of Complaint filed in said cause on or before Monday, the 5th day of April, A. D. 1909, otherwise the allegations of said bill will be taken as confessed by said defendant.

It is further ordered that this order be published once a week for eight consecutive weeks in The Gainesville Sun, a newspaper published in said county and State.

TELEPHONE TALKS

The Long Distance System

One of the most valuable features of our service, to our subscribers and to the public generally, is our connection with the extensive long distance lines of the American Telephone and Telegraph Company and the other associated Bell Telephone companies.

We own thousands of miles of long distance lines in the seven States in which we operate and in addition can connect any telephone in our system with lines extending to any other city in which a Bell Telephone system is operated.

These long distance lines are of the most modern and improved construction and are maintained at a high state of efficiency. The Bell systems,

operating in various sections of the country, are uniform in their equipment and in their methods of operating.

Only by reason of this close traffic arrangement between the Bell Telephone companies is it possible to go to a Bell Telephone almost anywhere, ask for "Long Distance" and be put in communication with almost any point in the country.

This vast network of wires, radiating throughout the nation, is used daily in commerce and for social purposes by the banker, the farmer and citizens in all walks of life and our plant here is an important link in this great chain.
